

## HELIOS® TIME

### HELIOS® TIME – REVOLUTIONIZING THE WAY WE TELL TIME

Improve guest comfort, convenience, and safety with Helios® Time, the first alarm clock to offer Qi wireless charging, Bluetooth streaming, Wi-Fi connectivity, and a carbon monoxide detector in one sleek package.

Helios Time couples our award-winning Helios wireless charging with our longstanding hospitality expertise to transform guest experiences. This all-in-one smart clock creates a modern, sophisticated living environment, helping you build repeat business, cut costs, and increase efficiency.

Features include:

- Remote time sync, to ensure accuracy of time and alarms
- Qi wireless charging transmitter
- Carbon monoxide detector
- Wi-Fi connectivity
- Bluetooth streaming
- Enhanced conference calling
- External USB port
- Energy-efficient LCD screen
